A SPLENDID CAST.

The Woodward-Warren Company's Playing at the Academy.

The Woodward-Warren Company will end a successful week's engagement tonight at the Academy of Music.

This company is one of the best that has ever played in Greensboro, and has given the theater-going people a treat that will long be remembered. The only cheap thing about them is their price, and how they can afford to give such first-class play at such rock bottom prices is a secret of their own.

In their play, "Why Jones Left Home," Mr. Woodward in the character of John Davis from Komo, kept the audience in a roar of laughter all the evening. His love for the gentler sex got him into laughable situations, and Nemesis in the form of a jealous wife and umbrella at last overtook him and ended his misdoings.

Chas B. Middleton, as Tom Blane, in the same play, made a decided hit with the audience He is a very clever actor, and has made himself very popular during his stay here.

W. H Van Etten, as Daniel Webster White, "a gemmen of color" did some very clever acting, and deserves special mention.

Miss Warren, as Catherine Davis, "with ideas of her own" carried the house by storm with her clever impersonation of a jealous wife.

Mr. Francis Morey, in their play, "The Middleman," proved himself a thorough artist in his work. Mr. Morey played the part of "The Middleman" with a depth of feeling that puts him in the first rank of emotional actors. The part was a difficult one and he handled it in a way to show he understood his work thoroughly.

In fact every member of the company deserves special mention if space would allow. Mr. Middleton said they were seriously handicapped by the small stage they had to work on. It was impossible to use more than a third part of their scenery, but even with this drawback, they have succeeded in drawing crowded houses every night.

Each night they have introduced new songs, and dances; some of their most clever songs being composed by members of the company.

We understand their next "stand" will be Danville. And we congratulate the Danville people on the treat in store for them.

PENDING CURRENCY BILL.

Southern Democrats in Congress Will Vote Against the Bill.

NORTHERNERS TO COME SOUTH.

Considerable Movement Expected This Winter—Probably as Many as 100 Families Coming.

Special to the Telegram.

Washington, Dec. 9—Southern men in congress so far as seen, are to a man opposed to the proposed currency measure, which the republican leaders are trying to force through the house during the coming week. In spite of the attitude of the democracy of New York state, many members of that delegation having announced their intention to vote for the declaration for the gold standard, it is believed that not a southern nor western member will vote for the measure Among the democracy it is expected that in the eastern states' delegations there will be several votes for the measure, which will be in the nature of a formal protest against the renomination of Bryan as the democratic presidential nominee. Although several of the districts in the south are on a straight vote opposed to the free coinage of silver, notably, the Charleston, South Carolina district, and Jacksonville, Florida district, the representatives of all the southern districts will vote against the proposed republican measure. Most of the southern gold representatives are not in favor of free coinage, but at the same time they are opposed to placing the gold standard on the statutes in so many words.

The republicans in the house, despite differences which came out it their caucus, will vote solidly for the pending bill. It is not the belief that a single republican vote will be cast with the opposition. All of the leaders on the republican side, with the exception of Cannon, of Illinois, have been in favor of the bill right along, and the Illinois congressman was won over in the caucus, so the party in the house will present a solid front when the vote is taken.

An agent of the Georgia and Florida Railroad, who for the past year or more has been in Minnesota, in the interest of his company, is in the city. The other day in conversation, he stated that during the coming winter, there will be considerable movement south. About one hundred families, he stated, are preparing to leave the northwestern states for the state of Florida, and other southern states.

The manner in which the currency bill, which has not received consideration from a single house committee, and upon which the democrats have been given no representation in its consideration, is to be forced through the house of representatives, and sent to the senate, after a few days consideration, leads to the belief that the committee on rules in the present congress, as in former congresses, will be really the house itself, and the speaker will be practically the committee on rules, for whatever his wishes may be in matters of legislation, the committee on rules will sanction, and whatever the rules committee may sanction will go through the house, the republican members voting blindly. Some time ago it was said that the speaker favored giving the members more individual responsibilities in matters of legislation, but events the opening week of the session do not warrant much faith being given this belief. The proposition made some time ago to increase the committee on rules from three to nine members, seems to have been abandoned, and the speaker, as in every congress since the Reed rules which were adopted in the fifty-first congress, will be the supreme master

The engagement announced in Washington of Miss Mabel Boiler, daughter of Congressman W. W. Rucker, of South Carolina, to Lieut. W. W. Moore, United States Navy. The function will occur in February.

The ladies of the North Carolina Society, this city, are arranging for a benefit to be given on General Lee's birthday for the Lee monument fund. Mrs. Z. B. Vance, of North Carolina, is the president of the North Carolina Ladies' Association, which is auxiliary to the North Carolina Society.

Ex-Governor Fleming and wife, of Florida, are in the city stopping with friends. They will remain in the city for some time.

THE NEWCOMB CASE.

Guilty in Two Cases—Sentence Deferred Until Monday.

Yesterday afternoon E. G. Newcomb, the only one of the recent barkeepers of this place who had not moved out of his place of business upon the establishment of the dispensary, was tried in superior court in two cases for retailing and convicted in both. He was defended by Messrs. W. P Bynum, Jr., Jno. Gray Bynum, Maj Stedman, Col. Staples, L. M. Scott and E D. Steele. Messrs. Jno. N. Wilson and A. M. Scales assisted Solicitor Brooks in the prosecution.

The state introduced two witnesses, whose evidence was not controverted, and Judge Brown instructed the clerk to enter a verdict of guilty in both cases. Col. Staples made an exhaustive argument before the court, taking the ground that the dispensary was not in legal operation and therefore no prosecution could be had under the act creating the dispensary. A motion for a new trial was overruled, exceptions filed and notice of appeal to supreme court.

The case was taken up again this morning and argued by A. M. Scales and W. P. Bynum, Jr., as to the matter of punishment. We did not hear all the argument this morning, but it is spoken of as being very pointed on both sides Mr. Scales thought the violation of law in this case was such as demanded the severest possible punishment. On the other hand Mr. Bynum said his client was a man of good character and feelingly resented the words of counsel for the prosecution. The matter goes over until Monday morning in order that the court may hear further testimony as to the wilful, persistent and flagrant violations of law by the defendent, Newcomb.

Judge Brown remarked that there was no doubt about the illegal selling and that it must be stopped.

This is a case in which there is much interest among the citizens of Greensboro. Ever since the opening of the dispensary it has been apparent to all observing people that Mr Newcomb's "private office" was a very popular resort and few, if any, believed that he was so generous and big hearted as to give away liquor to all who were calling on him and as often as such calls were made. It is the general belief that he has been selling right along, notwithstanding the signs placed in his windows: "No liquors sold here during the present 'dispensation.'"

Unlike the other bar men, who quietly and gracefully closed up their places in obeyance of the dispensary law, Mr. Newcomb has thus boldly kept open his "private office" and it is claimed that drunken men have been seen to reel from the doors. The fumes of the "ardent" have often greeted the nostrils of those familiar with the unmistakable odor, in passing the front door of this "private office."

The question has been and is now being frequently asked: Shall the defiant actions of this man continue and shall law and order be futher slapped in the face, and shall the moral element of the city be futher insulted? The law prescribes penalties which will stop it, and the matter is in the hands of a just judge. Right will prevail and people who viciously refuse to obey the laws of the country by flagrantly violating them will sooner or later reap their just deserts.

THE BOARD OF ALDERMEN.

Held a Lengthy Session—Gist of Business Transacted

The board of aldermen met in regular session last night, the mayor in the chair All the members were present except Merritt, Vuncanon and Wright.

The street committee, to whom was referred the ordinance granting the American Telephone and Telegraph Co. a franchise in this city made a favorable report Pending the adoption of the report the matter was argued at length by John N Wilson for the American and R R. King for the local people The report of the committee was adopted by a vote of 6 to 2, there being eight aldermen present.

The matter of grading and macadamizing Ashe street was again before the board, the committee being unable to agree on a report. After some argument, the matter being urged by Col. J. A Barringer and Mr. W. T Smith, who live on Ashe street, the matter was again referred to the street committee.

An ordinance regulating the erection of buildings within the fire limits of the city was adopted. It is quite lengthy and we haven't space for it today. A gist of it will appear in Monday's paper.

A colored man appeared before the board and complained that Mebane street, on the outskirts of the city, had been closed up. Referred to street committee.

The resignation of Mr. P. B. Price as alderman from the second ward having been previously accepted, Mr. Lee G Wharton was elected to fill the vacancy.

Another Student Dies

A special to the Charlotte Observer from Albemarle yesterday says:

Miss Sadie Colson, a student at the Normal and Industrial College, died at her home at Norwood this morning of typhoid fever. She was 19 years old, a bright, lovable young lady, and her death casts a gloom over the little town where she resided.

London, Dec. 9—A dispatch from Queenstown states that Gatacre has seized a number of rifles and some ammunition, including dum-dum cartridges found in two stores.

STRETCHER-BEARERS CALLED OUT.

Durban, Dec. 9—The authorities here called out twenty two hundred stretcher-bearers for service at the front immediately. The incident has caused great excitement It is believed it foreshadows the early advance of Buller.

BICYCLES AHEAD.

Frere, Dec 9—Newspaper dispatches are now going to the telegraph station by bicycle riders. The army is ahead of the railway and telegraph lines.

STEYN GOING CRAZY.

Cape Town, Dec 9—A report is in circulation that President Steyn is failing mentally. He has commandeered Frazer, his opponent, for the presidency.

CONDITION OF METHUEN'S TROOPS.

Modder River, Dec 9—Methuen's troops have been recuperating a week at Jara, and are now in fine condition. A new wooden bridge is almost completed. There was an exchange of shots between the outposts of the two armies this morning, also yesterday. The shots show the Boer outposts are only four or five miles from the main camp in the direction of Jacobsdale. The Boers are entrenched in the hill's from Spytfontein.

A fair-sized audience was out last night to witness the great military play "Captain Dick" for the second time in the opera house here. This play deserved a full house at both performances and those who were not present missed a treat. Notwithstanding that the cast (save the two authors) was made up of local talent and little time given them for practice, still we believe the show was as good, if not better, and as much enjoyed as any show ever here Those taking part deserve much credit and we would like to praise each one personally, but on account of space will have to be contented in saying to each and every one in the cast "Well done!" We hear our local talent complimented on all sides. Much credit is due the home orchestra for beautiful music. We wish the clever authors much success wherever they go.

It is wonderful how quick the pope can get well of a serious illness.

Although Old Joubert died three weeks ago he continues to very highly amuse the English in South Africa.

We notice with surprise that the Maysville, Ky., incident is receiving comparatively no comment from the papers.

An exchange comments on how cheaply China can grow rice. But there is one other commodity the Celestial Kingdom can produce with far less cost than rice—Chinamen.

One of the most remarkable things about the present administration is its modesty. Only six hundred and thirty one milliors of dollars are asked for with which to run the federal government for the next year.

Cecil Rhodes and Mr. Chamberlain are blamed for the wholesale homicide being carried on in the South African war. Although the government of England is the prime mover in the rucus, the above-mentioned gentlemen were doubtless very great fomentors—the one for gold, the other for glory.

The democrats in Kentucky are going to make a contest for their offices from Goebel down. A dispatch from Frankfort says that while the board of election commissioners were in session at that place yesterday more than one hundred men with guns in their hip-pockets were standing about to see that no decision was awarded Goebel. The law seems to be the most timid thing about Kentucky.

It is a most interesting fact that the tour of inspection by railroad officials and newspaper men over the Southern's new link, between Columbia and Savannah, in private cars, was made at a rate of 70 miles per hour, the indicator at times showing a speed of 74 miles. It was a great success, and the Southern is to be congratulated on its late acquisition. Several North Carolina newspaper men were aboard the flying cars, among them Mr. Fred Merritt, of the Raleigh News and Observer, a representative of the Raleigh Morning Post, and Mr. C. G. Wright, of the Telegram.

New outbreaks among the Philippine natives are ever occurring. Otis reports to the war department at Washington a new uprising among the people in the district south of Negros in which Lieutenant A. C. Ledyard, of the Sixth infantry, was killed and two privates wounded. Before the United States shall have persuaded these ignorant folks that its intentions toward them are the best, and that a good system of self-goverment will be given them, thousands upon thousands of our soldiers must atone for McKinley's mistake with their lives, while the cost in dollars and cents cannot be estimated. Strong garrisons must ever be maintained all over the islands, for the supposed peaceable natives are as liable to spring out suddenly to arms and deviltry as those who are curbed by the proximity of Uncle Sam's guns.

It is clearly a never-ending mesh into which Uncle Sam has become entangled, and the cost in the end will far outweigh the benefits and advantages arising from the steal.

A bird with the odor of the crisp spruce on its wings has brought the news from the frozen region of the north that Santa Claus has loaded his long, sway-backed sled with huge piles of good and beautiful things and is prepared to dash away for his annual gladsome tour of the continent. A long, double-breasted line of restless, snorting, prancing reindeer stand awaiting the word to start, their dry hoofs loosing a cold dust from the snow's glistening bosom, while the dull aurora gleams for the unbeaten path away to the south across the icy hills and frozen rivers and through the evergreen-shaded valleys.

Far away, in the modest little cottage home, tiny stockings are already hung by the fireside in happy anticipation of the midnight coming of the tender-hearted, whiskered old man with his great sack of rosy-cheeked dolls and novelties and sugared sweets. In the cot close by, a little face smiles in its dreams, thinking of Christmas morning, which is but two weeks distant.

"Turn back, turn back, O time in your flight
And make me a child again just for tonight."

TRINITY COLLEGE NOTES.

More Trouble for Irregular Students to Enter College—News Notes.

Correspondence Telegram

Trinity College, Dec. 8—By a recent action of the faculty a slight addition has been made to the minimum requirements for admission to college. This change concerns only the small and constantly decreasing number of men who seek entrance to college as special or irregular students. This class of irregular students includes those who are not candidates for a degree, but who wish to spend a year or two and sometimes more in college. Heretofore all special students have been required to pass the regular entrance examinations in English, history and geography, and the regular entrance examinations in other studies which they proposed to take up. Hereafter such students will be required to pass the entrance examinations in mathematics, as well as in English, history and geography. No student, whether candidate for degree or not, can now enter college without standing the admission examinations in these four subjects. This makes it more difficult for irregular students to enter, and it is hoped will have a tendency to keep boys who expect to come to Trinity in the schools until they are really prepared to be benefitted by the larger freedom and opportunity of college life. There is no modification of the admission requirements that affects candidates for degrees. These students for the present are announced in the last catalogue.

Another change recently made by the faculty concerns candidates for the degree of Master of Arts. The degree is, as since 1895, open only to resident students who have taken the first degree in arts in Trinity, or some other college of approved standing. But an addition has been made to the amount of work that must be done before the degree will be given. The degree will hereafter be given upon the completion of five courses of study, four at least to be selected from courses offered for graduates, to be chosen from at least two different departments, and in all cases at least two courses to be chosen from one department. This will mean for an A. B. graduate a stiff year's work.

At the regular meeting of the Historical Society, Mr. J. A. Best read a paper on "Hugh S. Legon;" Mr. Jonathan Peele also presented a paper on the "Presidential Election of 1876." The meeting was a very interesting one, the papers showing careful research. It is the intention of the society to hold a civic celebration on Feb. 22nd. The speaker for that occasion will be announced later. At the last celebration the address was delivered by Judge Connor.

President Kilgo and Dr. J. S. Bassett are in Washington attending the session of the N. C. Conference.

Prof. P. T. Durham was invited to deliver the annual address before the Historical Society of the conference, but was prevented from attending on account of sickness. Dr. Bassett is to deliver the address on this occasion. His subject will be "Religious Condition of slavery."

President Pegcock, of Greensboro Female College, has been a visitor at The Park, the guest of Dr. Kilgo.

Miss Corrinne Chadwick, of Beaufort, is spending some time at the Park, with her sister, Miss Mabel Chadwick, who is a student at the college.

Miss Blanche Newsom, who has been the guest of Miss Kate Kilgo, has returned to her home in Littleton.

Prof. Jerome Dowd is in Charlotte visiting relatives.

Mrs. J. C. Angier, of Durham, gave a very pleasant evening to a number of students who were her invited guests last Friday.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1.00. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

Sillicus—"Do you believe that men are what women make them?" Cynicus—"Just the reverse. Judging from the predominance of men milliners and men dressmakers, I should say that women are what men make them."

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at C. E. Holton's drug store.

He—"What would you say if I should ask you to marry me?" She—"I should say that you had more sense than I gave you credit for."

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also old, running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains, best pile cure on earth. Drives out pains and aches. Only 25 cents a box. Cure guaranteed. Sold by C. E. Holton, druggist.

"It's only a step from life to death," said the pious mother. "Yes, and a step-mother afterward," remarked the precocious child.

"One Minute Cough Cure is the best remedy I ever used for coughs and colds. It is unequalled for whooping cough. Children all like it," writes H. N. Williams, Gentryville, Ind. Never fails. It is the only harmless remedy that gives immediate results. Cures coughs, colds, hoarseness, croup, pneumonia, bronchitis and all throat and lung troubles. Its early use prevents consumption. Howard Gardner.

Blobbs—"Is Henpeckke's wife musical?" Slobbs—"Not exactly; but she's always harping on something."

DeWitt's Little Early Risers purify the blood, clean the liver, invigorate the system. Famous little pills for constipation and liver troubles. Howard Gardner.

A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by C. E. Holton, druggist.

The Sunday schools are filling up,
And youthful minds do dwell
On pious things, for soon will come
The Christmas festival.

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Holton's drug store.

Charlie Saphedde—"I went to a mind weader the other day." Wigway—"What did he tell you?" Charlie Saphedde—"He said he could tell me nothing, and gave me back my money. Those fellahs are not what they are cwacked up to be, bah Jove."

Gaining a Wide Reputation.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston, of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and pained me very much, but one good application of Pain Balm relieved me. For sale by O. E. Holton, druggist.

"This is a change for the better," remarked Doemup, as he handed the conductor a plugged quarter and received twenty cents in change.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

When a man gets married he can no longer boast that he never does things by halves. The wife is always regarded as his better half.

It takes but a minute to overcome a tickling in the throat and to stop a cough by the use of One Minute Cough Cure. This remedy quickly cures all forms of throat and lung troubles, harmless and pleasant to take. It prevents consumption. A famous specific for grippe and its after effects. Howard Gardner.

"If any one present knows of any just cause or impediment, why these two persons should not be joined together in holy matrimony, let him now speak."

That is the challenge of the old marriage service. It is the challenge of church and state, and rarely is answered. But if that challenge were offered to Science how often would she forbid the banns, in the interest of woman's health and happiness.

Thousands of happy maidens who have looked to marriage as the consummation of their earthly hopes have found it a blight to the body and to the mind. The irregularities and periods of maidenhood dismissed as a part of the common lot, neglected. Wifehood with its debilitating drains, motherhood left an inflamed condition of the womanly organism, and the slow decay of one tormented with nervousness, or despondent.

Science has forbid the banns of such consequences. Science which offers a marvelous medicine, Dr. Pierce's Prescription. It positively cures female weakness and disorders of the system. It heals inflammation, ulceration, and female complaints, and makes weak women strong, sick women well. In the shortest time, with the least money, by a positive guarantee, you get relief, or your money is returned. In every case of "female complaint" or derangement, irregularity, weakness, or kindred ailment, Dr. Pierce's Favorite Prescription" contains no alcohol, whiskey or other stimulant. It is the only medicine for women sold by druggists, or by any "just-as-good" for women as Dr. Pierce's Favorite Prescription. Accept no substitute. Every woman who is married or single will find invaluable information in Dr. Pierce's Common Sense Medical Adviser. Sent free on receipt of stamps to pay cost of mailing *only*. Anchor Back Wall Tile.

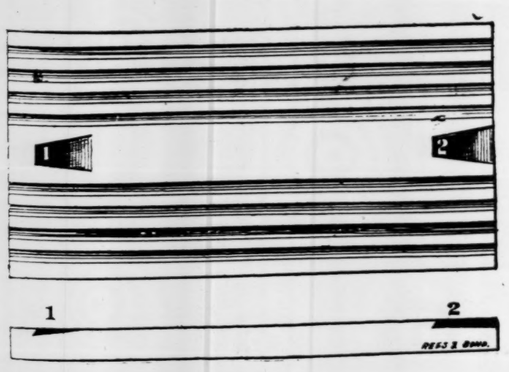
New Featur .



Patented June 20, 1899.

In addition to the Corrugated Ribbed Back on 6x6 Wall Tile we add the Two Undercut Depressions. On 6x9 we use the flat ribs and Three Undercut Depressions. On other sizes, two undercut depressions.

There is no doubt about our patent Anchor Back Tile keeping in place and not leaving the cement—if proper cement mortar is used in the work. The Anchor Back is a strong talking point and gains ready approval of Architects and Builders—the cement enters the undercut depressions and when the cement sets forms a key that is a strong mechanical feature in holding the tile in place.

Son of an Ohio Merchant Cured of Chronic Diarrhoea.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—Thomas B. Bower, Glencoe, O. For sale by O. E. Holton, druggist.

The Poet Burns,

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

"If you would escape the rock upon which the lamented Burns split;" take shelter from the storm that is bound to spend its fury upon you when the fatal summons comes, by at once securing the magnetic contract offered by the Provident Savings.

J. STERLING JONES, Manager,

AT BINGHAM SCHOOL.

The Boys Enjoying the Fine Weather and Good Health.

Correspondence Telegram.

Bingham School, Mebane, N. C., Dec. 8 1899—We are pleased to note that the tone of the press is all in favor of finding Dr. McIver blameless in the recent sickness at the Normal School. The sympathy and support of all good people should be extended to this distinguished educator in this great trial, and we believe that with the cause of the disease removed, the public confidence will be completely restored at an early date.

We note with regret that spiritualists are travelling over the state and that many people attend their meetings or seances. Spiritualism is demonology or devil-worship and is positively forbidden in the Bible in many places. Before any Christian follows it he should read I Timothy 4:1 and Isaiah 8:19. Few people realize the vast amount of harm and injury that is being done in this way.

Everybody has enjoyed the bright fall weather and the boys are all strong and well. The health conditions continue to be perfect, for which we are thankful. Never in the history of our school has the football practice been more faithful and never have more students engaged in the game than this fall. The game as conducted at Bingham is a great thing for the health of the students.

With the beginning of winter the school course of lectures begins. Among the speakers are President Taylor, Alderman and Shearer, and Profs. Mims, Cobb, Poteat and Hume Dr. McIver and Superintendent Mebane will also deliver addresses.

The regular classes in gymnasium are working steadily and the boys are preparing to give an entertainment in the gymnasium in the spring.

A most delightful meeting of the Y. M. C. A. was held Sunday evening, at which the attendance was large, the new organ just placed in the association room adding greatly to the enjoyment of the occasion.

Rev. Dr. Bradshaw, of Hillsboro, filled the pulpit of the Mebane Presbyterian church Sunday last.

The Bingham boys are now playing the old English game variously called hocky, shinny or bandy. Large and small alike can play this game, and just as easy or as hard as one wishes, so that it is very popular and affords much pleasure, health and entertainment.

The teachers have been much pleased to hear from Chapel Hill that the Bingham boys are leading their classes, and this news has given much pleasure to all. The deportment and scholarship in the school were never more satisfactory than at present. There are promising indications of a large increase in the attendance after Christmas.

Christmas greens are on deck, and Christmas advertisements are read.

ADDRESS OF WARNING

In Regard to the Outbreak of Smallpox at Terra Cotta.

North Carolina, Guilford county.

Whereas, it has come to the knowledge of the authorities of Guilford county that there is an epidemic of smallpox at Terra Cotta Works in said county, and whereas, it is made the duty of said authorities to warn all citizens of the county and persons generally of the said epidemic and to urge upon all persons the importance of immediate vaccination in order that a scourge of that disease may be averted,

Now therefore, we the board of county commissioners and county superintendent of health of said county most earnestly urge upon all persons the wisdom and the duty of being vaccinated at once. Should the disease spread and the people neglect this warning and request, it may become necessary for us in compliance with law, and in order to prevent a devastating epidemic of this terrible disease, to order compulsory vaccination.

All persons who are unable to pay the expenses of vaccination, will be vaccinated free by the county.

WINE OF CARDUI
Woman Knows Woman.

ZUARCH, KAN., Jan. 31.
I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.
MRS. V. M. BOISVERT.

McELREE'S Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman **knows.** Mrs. Boisvert **knows.** She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it. **They know.** They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

OVERWHELMING SUCCESS!

The Past Week of the Great Piano Sale Exceeds Our Greatest Expectations.

Buyers Were Out in Full Force and a Dozen Homes Made Happy.

This Week Our Last.

In our announcement of this factory sale of pianos we stated plainly that we would sell thirty pianos and no more, and the sale would last ten days. The past week, with Saturday's heavy buying, cut our stock down pretty well but the balance of the limited number we are allowed to sell at factory cost at this place will arrive Monday, and there will be a wild scramble to secure one while they last.

This week is our last here and will end the quickest sale of about two car loads of pianos in a city of this size ever made by one man.

Why do we sell so many instruments in so short a time? Any of our customers can tell you. We have only one price and that is factory cost with freight and drayage added. We charge no more if bought on instalments than for spot cash—except 6 per cent. interest. We give easy terms of payment. We have no collectors to bother you. We have no canvassers to bore you to death to buy.

We sell you brand new pianos directly from the factory, not pianos carted all over the city from one home to another until some one can be induced to pay the price. We shut out all expenses of above items and the dealers and agents' profits, and furnish you one of the finest and best pianos made at a saving of at least $150, fully warranted, and if not found just as represented bring it back and get your money. We simply do business on business principles. We save our customers money and we get the business. Come and see what we can do for you if your family needs a piano. We will not bore you to buy if you don't take one—some one else will; they will all be sold.

We desire to particularly call your attention to four very handsome medium sized $450 pianos, in Circassian walnut, English oak and mahogany, hard carved cases, all latest improvements. We will test them with any piano made, marked at $258.

We have three very largest size, that sell for $500—San Domingo mahogany and English oak—for $289.

$400 pianos that are in plain cases, but neat and attractive, only $226.

We have two very fine manogany-cased pianos, that sell for $400, with harp attachment; they will go for $248.

$225 pianos, with Boston roll fall board duet music desk, brand new, for $96.

Terms of payment from $20 to $25 cash, and $8 to $10 per month.

If in need of an instrument call early and secure choice of bargains.

BRIEF LOCAL MATTERS.

J. R. Joyce, of Reidsville, was in the city last night.

J. A. Saunders, of Raleigh, was in the city last night.

Dan Whitlock came in last night from a business trip.

Capt. E. S. Parker, of Graham, was a visitor to the city today.

Mrs. S. A. Hodgin, of Raleigh, spent last night in the city.

Prof. W. T. Whitsett, of Whitsett Institute, was in the city today.

Clem G. Wright returned this morning from a trip to Savannah, Ga.

Haywood Parker and wife, of Asheville, were registered at the McAdoo last night.

Misses Sarah and Alice Harris will leave tonight for Water Valley, Miss., to visit relatives.

Miss Bernie Hendrix and Miss Julia Stewart, of Oak Ridge, are visiting Mrs W. I. Young, in this city.

C. M. Vanstory & Co., the clothiers, have in this issue a list of nice things suitable for Christmas presents. Read their ad.

Frank P. Milburn, the well known architect, of Charlotte, spent last night at the McAdoo and returned home this morning.

B. N. Duke, of Durham, was in the city today at noon, between trains, waiting for the belated northbound fast mail.

C. P. Smith, Jr., came in last night from a business trip in Mississippi and went to his home at Liberty at noon today.

Read the advertisements in this paper. They will tell you many things that will help you in making your holiday purchases.

The story of the Mrs. Jane Hopkins make of boys' clothing is an interesting one, and is charmingly told in the new ad on front page of Rankin, Chisholm, Stroud & Rees. And when you buy a suit you might turn your attention to something for yourself and get a nice scarf or cravat. They have all shades, shadows and fancies in the Rufus Waterhouse neckwear, and you can get them nowhere else in the city.

Drop in at Kaufmann's, opposite the McAdoo, and take a look at the beautiful display in holiday goods. Kaufmann, as we have had occasion to remark before, is an artist in displaying goods, and you have probably observed the same thing, but his display at this time eclipses all former efforts. There are ties, vests, jackets, children's leggins, fancy-handled umbrellas, etc., all arranged in such catchy style that you cannot help being attracted and pleased. He is ready and fully prepared for a big trade, and he will have it.

Xmas

Will soon be here. The little folks (old ones enjoy it also) want the musical wonder. Why not make their little hearts glad? Call and hear it. 112 East Market street.

Music

Hath charms that are of an elevating and refining nature. Do you think any present would be more appropriate and better appreciated than one of our musical wonders for the little folks for Xmas?

If you want to give the baby something nice for Christmas nothing could be prettier than a pair of our little fur topped laced soft sole shoes. We have them in quilted satin and felt, sizes 1 to 4, colors blue, pink, red and ecru, price 50 cents Thacker & Brockmann.

To the Public.

We have learned that a report is being circulated that the Kimball piano and organ business at this place is to be discontinued. We cannot think for one moment that any competitor did this to injure us and suppose it must have emanated from the fact that on account of a piano labor union disagreement, all the piano factories of prominence in Chicago are temporarily closed. We are in Greensboro to stay, in fact on account of the very excellent railroad facilities we are seriously thinking of making this our general distributing point for the south. After having manufactured sixty-two thousand pianos, two hundred and twenty thousand organs (which are used and endorsed by the collective genius of the musical world). After having invested a capital of five million dollars, and having attained the prestige of being twice the largest manufacturer of high grade pianos and organs in the world, we are in poor position to close up and quit. I beg to remain

Very respectfully,
W. Frank Blount.
